Work Experience

Netcraft Ltd.

- *Software Engineer - Intern* Jul. - Aug. 2018

- Wrote feature allowing malicious URLs to be automatically taken down based on certificate authority
- Implemented core functionality to stop taking down malicious URLs for a company if their Netcraft contract has expired
- Refactored old Perl and SQL codebases for ease of use
- Gained experience in full stack development
- Rewrote documentation for 20+ year old codebases with instructions for integrating with newer systems

SolidariTee National

- *Volunteer Web Developer* Apr. 2018 - present

- Redesigned the website front-end to make it more mobile-friendly (viewable at solidaritee.org.uk)
- Currently building a custom online shop, using Magento loaded on a LAMP stack and built on Google Cloud Platform

Personal Projects

- Published a command line interface tool for currency conversion, written in JavaScript and available on npm
- Wrote Python programs to help with A Level Further Maths concepts, such as finding matrix inverses and solving sets of simultaneous equations

Positions of Responsibility

Imperial College Union

- *Publicity Officer for DoCSoc (Imperial College Department of Computing Society)* Aug. 2018 - present

- Wrote a guide on how to use Linux and the command line, aimed at 1st years with no programming experience
- Personally negotiated over £5000 worth of sponsorship with leading companies in the technology sector
- In charge of social media and designing DoCSoc apparel

Imperial College Union

- *JMC (Joint Maths and Computing) Departmental Representative* Aug. 2018 - present

- I represent over 120 JMC students, from 1st year to 4th year, at meetings with senior staff
- I liaise with lecturers and year directors to solve both academic and wellbeing problems faced by JMC students

Notable Achievements
